Union County	87

WellFlorida Council created the North Central Florida Healthcare Providers directory for the Health Insurance Marketplace Navigator program to help low-income adults and children who fall into Florida's coverage gap gain access to healthcare. These individuals include residents not covered by Florida's limited Medicaid program, and who do not qualify for tax credits or cost-sharing reductions offered through the Marketplace. The directory is available online at www.NCFNavigators.org and www.WellFlorida.org.

Note: Inclusion in the directory does not constitute endorsement of a product or organization, nor does omission indicate inadequacy.
